Re: Norvell Township 5-Year Road Plan

Back in 2023, I contacted Jackson County Department of Transportation and asked them to prepare a 5-year road plan for Norvell Township with a projected funding level of \$50,000 per year by the Township.

I explained that the focus of the Plan should be “worst first”.

This should be determined by reviewing the physical condition of our roads, consulting with their workers who repair our roads and reviewing the calls for repairs that are received regarding our roads.

A draft plan was presented and subsequently adopted at our December 13, 2023, Board Meeting. The first road to be addressed under the plan is the re-graveling of Lawrence Road.

Each year, the Board will review and update the plan and if the funds are available, select a new project for the upcoming year.

This is an unprecedented step for the Township. At no time in recent history has Norvell Township undertaken such an endeavor. We are making a long-term commitment to our residents to do what we can about the local roads.

We have made a commitment that as long as the funds are available, we will spend approximately \$250,000 over the next five years. That, with the additional \$49,000 we committed to the skip paving project and the \$10,000 we committed to the stretch of Lawrence Rd leading to the gravel mine will make a total commitment of \$309,000 in a 6-year period.
